count quoted.

Bald Bobberies in History. There was a man who was considered the king of highway robbers. I do not know whether he had read the story where the prowess of Gil Blas was put to the test when he was left alone to do a daring deed on the road, while the bunders looked on from the distance to ascertain the amount of pluck which the neaphyte would exhihit, but if not, the crowning feat of the hore of the hagne was more remar able. He determined -ho alone-to rob a diligence, and he succeeded At sight-full he placed a number of sticks through. the bushes by the way-side, which had the anpenrance of muskets and were intended to represent a number of robbers concealed behind. As the diligence approached a voice was heart, as if used as a Store or Dwelling House, or as Goberanguing a body of men. " Ready !- obey, or- downs. For particulars apply to ders!- no firing if there be no resistance-no needless bloodshed!" An armed man walked for b from behind the bushes, stood before the horses, cried out. "Arrestez vons, conductaur! down! ventra's terre! Comrades, attention! eves on the alert!" The horses stopped, the postilion and the conductor descended; they lay with their by the Military Me lical Stuff. Possession out to faces in the dirt. The screams of Indies were had 1st May. Rent moderate. heard from the carriage, "Lodies, he not afraid, there is no cause for slarm. We are too gallant to do any mischief to the beau sex. Lods, po firing! The robber opened the door of the interior. Besides ladies there were three military, officers, out, one after another surrend red his helongings

of whom two were colonels, among the passengers. "One at a time, messicurs," and as they came "Ventre a terre" was the command given to each. All that they saw in their confusion and in the half darkness was the musketry nointing at the vehicle; and all that was heard were the appeals of the women, the cries for merov, "Don's hurt us, take all that we have." Assurances were Storage by one whole Gadowa or by Ton or Baio were reiterated, "No bring! no firing!" | Can be had. Charge moderate | Apply to TANI ALOOK. Cauton Biztar. There was not a single passenger who was not lying with his face on the ground when the robber marched away with a gracious "Adjeut mensions ! and meadames," apparently to join the rest of the band. It was some time before any one of the ham Street, suitable for a office or dwelling. prostrate ventured to raise his head. The first who did so observed the barrels of the muskets still directed menneingly towards them, and hid his face in silence. As all noise had ceased, they took courage, a consultation took place, the terri- Billiard Rooms. ble bushes were approached, the fire-arms were ! ound to he sticks, with nobody more them. "he rubber was afterward arrested, a large portion of the property was traced to him, and it was found that he slope had fleeged the whole company. was said that the officers had their swo de wib [] them, and it may well be supposed that ma y a jake was launched at the spirit they had displayed. No wonder that such a performance should be ad- 1 mired in a community of ruffians, and that such a

performer should be looked upon with respect and There was another felon whose history was yet more remarkable, for it was onen distinguished by a succession of france, carried on in high places, and with a success which might have seemed incredible. The man had been brought up in a convent, of which, at the time of the French revoluti n, he had become a hursar. He disonpeared with all the money which belonged to the brutherhood, and his steps were never traced. Some time afterwards a nerson wearing an Episcoput dress, and bringing letters of recommendation to the high elergy of one of the remoter previnces. appeared us the bishop of-(I forget the title) and was received with all the attention due to his supposed rank. In those days travelling was difficult and tardy, and communication between distant departments infr quent, His reverence water frontage, haptized, married, and buried those whose friends i were delighted to have the rights performed by so elevated a dignitary; the confirmations were numerous, and many priests applied to him for ordination, which he practicusty conferred. He became the distributor of private and public charity. and had a considerable sum of money in his bands. secured from many sources. One flue morning the bishop was everywhere sought and nowhere found. Inquieres were instituted and the sail discovery was made that the ordentials were forgedthat the "father in God" was a "son of perdition;" that his note were something worse than invalid; that the most serious consequences to nersons and property had resulted from his misdoings, and it was long before the law and the Offices; Stables and Godowns. lawyers, the church and its instruments, could repair (and they could only imperfectly reasir) the mischief he had wrought. All attempts to discover the mischief-maker falled. Itaving gathered in his harvest on the suclementation! domain, he unturally enough doffed his clerical robes. It was amonust bing of business, with latters of intruduction and cradit-frundulent, of course-that the adventurer next levied his countributions There the money making and the money-watching experience of the mercantile budy secured them against any long continuance of surgessful re-

guery, capacially on a large scale and practiced i by etrangers; so having negotiated bills and abtained money for a considerable amount, the "honorable traveller." had taken himself off before notices of protest had some from the accediting bankete. venturer led to his capture and to his delivery to Coolles Rooms, etc., also Stabling and Garden was in the uniform of a military officer, having all Pockfoolum Roads on Inhand Lot No. 757, For his papers in order, that he presented himself at terms apply to Mr. Titos, M. BARRINGTON, 36 head-dunriors with authority to receive no small | Wondham Street: sums of money. But whatever knowledge a rogue; tf 2031 Hongkong, 6th December, 1860 may possers of the financial machinery which the army expenditure of France, and how ever dexterous and inventive that rogue may be in the concomment of fraud, it is not easy for him suddenly to usurp a position which will ena-Me him to accomplish his fraudulent designs. The extraordinary good fortune of our friend had blinded him to the difficulties of his enterprise, on the leb February. Dauton's advice which, even on the field of politics. is not always surcess: " De Paudace, de l'audace, et toujours de Pindace!'-has been the reef on which rasouldom has frequently been wrecked, and there our bishop, merchant and soldier waswrecked and ruined .- Cornhill Magazine.

AN INDIAN ROMANCE, -An American paper parodics Capt. Mayne Reid as follows: Alopso seized the maiden, leapt on his bare-boned stead and, with a yell dissappe red from the wondering Approhes ! Awny, like lightning, swept the sterd at about 4 miles an bour, till just when they had reached the 42 mile post on the confined prairie, they saw as object crouching behind it: The "Jaguar of the Wilds of Africay!" whispered Alongo in stentoring accents. But, Will a bit -here goes! To bound from his steed, draw hi knife, "tub the jarguar to the heart, skin and dress it, catch up his horse-now about 16 miles distant—ti row the akin around the hilly shoulders

Ozone.—After the doubts which, as our readers, may recollect, we stated a few days ago as being entermined by M. Fremy in regard to the existence of ezone in atmospheric air, it may not be inexpedient to give M. Soret's researches touching the density of that sabstance, and communitime as M. Fromy's observations. M. Scret, uxygon diminishes in volume by becoming ovenjeed; that when oxygon charged with ozone i treated with indide of potusium and other oxidizable substances, the uzono disappears without inducing any change in the volume of the gas; and, lastly, that under the ir fluence of heatoxygen charged with azone undergoes an expansion notal to the volume which would be occupied by the quantity of oxygen which the gas might have given GODOWNS. Ten Hong &c. up to imlide of potessium, proceeds to say that all this leads to the supposition that ozone is an allotropic state of oxygen, consisting in a peculier arrangement of its particles. The simplest hypothesis he can admit is that the furticle of oxygen is formed of two utoms, arranged thus: OO: and ozone of three atobes. arranged thus: OD, O. In that supposition ozone would contain the usual volume of common orvgen; tronted with ladide of petassium, it would lose one atum without changing its volume, and, on being decomposed by heat, it would undergo an expansion . of half its volume. Hence its theoretical density eacht to be one and a baif times that of exygen. that is 1-658. Hut, as other hypotheses might be reasonably adopted instead of thur, Mr. Soret proeceds to describe certain experiments, which give some weight to that he has preferred. Ozono cannot be directly weighed, because it cannot be propared in a state of purity and is therefore always diluted with another gas. On the other hand, indide of petissium, araputous soid, &c., cannot and fixtures of the proprietory known as the Singapore, Calcutta, Bombay, or London. without any change of volume. M. Soret has folicite a share of public patronage. therefore had recourse to two substances, which !! shaurbing ozone they omit a dense smoke. These an inferior degree, essence of amounton. The D at the undermentioned Ports. means for determining the donsity of ozone, which our author, indeed, finds coincident with that of

his supposition.
